<u>SUBJECTS:</u>	<u>UNITS</u>																																																				
English with writing components	4																																																				
Mathematics - Algebra I, Geometry, and one other math	3																																																				
Science (Biology I - 9th plus two electives)	3																																																				
Social Studies Geography, MS Studies World History, U.S. History, and U.S. Government	3 1/2																																																				
Technology Discovery All 9th grade students are required to enroll in this course.																																																					
The Arts One unit from: Art, Band, Choral or Theater Arts.	1																																																				
Keyboarding and Computer Appli. (or one unit of 8th grade Computer Discovery)	1																																																				
Physical Education (or two units of Band, ROTC or Frontline)	1																																																				
Health	1/2																																																				
Career and Technical	3																																																				
Electives	4																																																				
Total	24																																																				
<u>SUBJECTS:</u>	<u>UNITS</u>																																																				
English with writing components	4																																																				
Mathematics - Algebra I, Algebra II, Geometry	3																																																				
Science - Biology I plus two of the following: Human A & P, Chemistry I or II, Physics, or any other course with comparable rigor and content. One carnegie unit from a rigorous Physical Science course with content at a level that may serve as an introduction to Physics and Chemistry may be used. Two of the courses chosen must be laboratory based.	3																																																				
Social Studies Geography, MS Studies, World History, U.S. History and U.S. Government	3 1/2																																																				
Technology Discovery All 9th grade students are required to enroll in this course.																																																					
Keyboarding and Computer Application (or one unit of 8th grade Computer Discovery)	1																																																				
Advanced Electives - Requirements may be met by earning two carnegie units from the following areas/courses, one of which must be foreign language or Advance World Geography. *Foreign Language *Advance World Geography *4th year lab-based Science *4th year mathematics	2																																																				
The Arts One unit from: Art, Band, Choral or Theater Arts.	1																																																				
Physical Education (or 2 units of Band, ROTC or Frontline)	1																																																				
Health	1/2																																																				
Other Electives	5																																																				
Total	24
